

To Release \$100 Million in Year

U. S. Army Plans to Release Its Forces in Europe. Death Will Rise.

WASHINGTON — The army has announced that it will release \$100 million in the next year to pay for the cost of maintaining its forces in Europe. The release will be made in the form of a loan to the government, which will then use the money to pay for the cost of maintaining its forces in Europe. The release will be made in the form of a loan to the government, which will then use the money to pay for the cost of maintaining its forces in Europe. The release will be made in the form of a loan to the government, which will then use the money to pay for the cost of maintaining its forces in Europe.
